Dear {{FirstName}},

A supermajority of our co-workers rallied in force *at the Salinas Courthouse* this week to advance our campaign towards a fair and equitable agreement.

We know we are gaining momentum as requests for interviews continue to rise!

Our solidarity as a united membership will mean the difference between a good offer from the court that serves the public's interest and an agreement that ignores the needs of our community.

When you take action with our campaign and join as a member you help us win the respect, wages, and staff our community needs to survive in Monterey County.

In unity,

Monterey County Superior Courts

Our rally on Tuesday demonstrates our union's power as we return to the negotiation table with judges and court management next week.

Our solidarity as a united membership will mean the difference between a good offer from the court that serves the public's interest and an agreement that ignores the needs of our community.
